

JANUARY

Tick-tock says the clock,
it's twelve of the night.
The New Year's here
and the stars are bright.

The old year's gone,
he's tired and worn.
Christmas is past,
the tree all shorn.

The star-children come
in the dead of night,
like Three Wise Men
bringing the light.

Tick-tock says the clock,
The New Year's come.
Good Year to you all
until the next to come.

January – a time to put last year to rest, move on forward and hope for the best!

COVID in all its variations continues to dog our days and so we need to learn how to live with this virus and continue to have HOPE for a better year. Keep in touch – pick up a phone, bake some cookies and drop off at a door, write a note – a returning SMILE is worth whatever effort.

Let us be like the Wise Men who set out, not knowing where they might end up, but having FAITH that they would see something wonderful. Look for the good, the silver lining, find JOY in your daily living. Reach out to lend a hand or ask for help when needed. Happy New Year!
