

# SIGNS OF HOPE AFTER DEVASTATING FOREST FIRES

Mother Nature is amazing. Give her a little time and life will return, one seedling at a time. I have seen forests full of Jack Pine trees which needed high heat to release seeds from their cones; beautiful flowering Fire Weed covering large areas. Slowly but surely, signs of life spring forth from our burned-out forests; just as life will return to communities so hard hit by the devastating fires.

Life after fire:
